RIVERTON VILLAGE BOARD

Riverton, IL.

The President and the Board of Trustees of the Village of Riverton held their regular board meeting on November 4, 2013 at the Riverton Village Hall, Riverton, IL.

The board meeting was called to order at 7:00 p.m. Those answering roll call: Mayor Tom Rader, Clerk Tiffany Graves; Trustees: Tina Raycraft, Russ Patrick, Carl Fisher, Dave Charles, Jim Mileham and Joe Bartley. Also in attendance were: Treasurer Lorraine Duggins, Office Manager Stacy Patterson, Chief Dave Smith, Superintendent Alex Lyons and Attorney Barb Myers.

The pledge of allegiance was recited.

<u>Trustee</u> Bartley made a motion to approve the October 21st meeting minutes and pay the bills. It was seconded by Trustee Mileham. Trustees Patrick, Fisher, Charles, Raycraft, Bartley and Mileham voted yes.

People to address the board included Everett Lingleo. Lingleo stated he was unaware of the meeting at the Riverton Athletic Club regarding the Field of Dreams concession stand. Lingleo believes the Village needs to employ a manager to manage the Field of Dreams facility. He stated the Village could pay a salary, utilities, etc. out of sales; it wouldn't have to cost the tax payers anything. Lingleo also feels the facility is not being used to its full advantage and requested the Village Board look 'outside the box'. Trustee Charles noted there was no secret meeting; the meeting was announced at the last board meeting. Charles stated that when the Field of Dreams first started he contacted other communities that had parks with concession stands. All other communities were 'hands off', they simply supplied the building. Charles contacted the school; they were not interested. Charles contacted JFL; they were not interested. Charles contacted Riverton Girls Softball; they were not interested. Charles contacted Riverton Youth Baseball and they agreed to run it. The Village is not in business to run a concession stand. Charles attended the meeting at the Riverton Athletic Club only to let the food handlers know they would need to obtain a license from the state. The Village is not charging for utilities or use of the facility. Youth Baseball donated \$2000 worth of fencing to the ball diamonds, the JFL donated a scoreboard, pads, etc. These groups run the concessions to benefit themselves and the entire community. Lingleo stated that someone was needed to look out for the community as a whole. Who will bring tournaments to town? Who will promote the Field of Dreams? Charles stated that the groups will all work together. Trustee Fisher noted that it's in the best interest of each group to bring other teams to town and hold tournaments. Trustee Charles appreciates Lingleo coming to the board; ideas are always welcome. The Village may or may not be able to do them, but they can at least entertain them.

Ralph Willoughby came before the board to inquire about the charge per kilowatt of electricity. Trustee Fisher, who works for Ameren, stated the Village charges around .12 per kW. Fisher also noted that the Village would lose a lot of services if rates were lowered. Trustee Bartley stated that Ameren has 10 different price categories; for instance, in Williamsville where Ameren is competing against Menard, Williamsville is getting the top tier rate from Ameren in order for them to keep Williamsville as a customer. Fisher also noted that it's not the price of the kWh; it's what you use that adds up. Ameren has market rates and when the market skyrockets so will their rates, whereas Riverton's will remain stable. Trustee Mileham stated the rate per kW includes having 2 linemen in town; therefore when the power goes out, it's restored in an hour or less which is a very valuable asset. If it was Ameren, the power could be out 4-5 hours.

Rob Mehan came before the board to thank them for the work on the ditch by his home. Mehan also stated the Village needs to have more pride in their workmanship. Recently, after the oil and chip project was completed, the rock ended up out on the paved road, which Mehan swept up. Mehan admitted it was petty, but with the Village manpower, the tax payers deserve the best they can get.

Trustee Mileham made a motion to adopt Ordinance #13-020 approving a proposal for auditing services with R.W. Hickman. It was seconded by Trustee Fisher. Trustees Raycraft, Patrick, Fisher, Charles, Bartley and Mileham voted yes.
